November 2022

Dear Parent/Carer,

Year 11 College Experience Day - 30th November 2022

As Year 11 start to prepare for life beyond school, we have a fantastic opportunity for students to experience a day at the City of Portsmouth College's campuses. This will be a brilliant opportunity for them to try out courses so that they are certain in their college application choices.

We will be asking students to select three course choices for their Taster Day either at the Tangiers road, Highbury or North Harbour Campuses. We will send a confirmation letter of your child's confirmed Campus ahead of the visit. Students will need to arrive at their Campus by 9:15am to meet Trafalgar School staff and will be dismissed to make their own way home at 2:30pm.

All students will need to bring their own lunch on this day or they can purchase food on site. They are allowed to wear their own clothes but must ensure they are dressed appropriately.

To ensure the day is beneficial and enjoyable for all, please remind your child of the high expectations we have of them while on visits representing our school.

If you have any questions, please do not hesitate to contact me.

Miss L Passmore

Head of Student Enrichment

Salterns Academy Trust
