June 2022

Dear Parent/Carer,

Throughout Year 7, all students have been studying both French and Spanish. We hope that your child has enjoyed learning both the language and culture of these two countries.

We are now asking students to choose **one of these two languages** to continue to study throughout Year 8 and 9 with the expectation that this will then be continued to GCSE level. Both languages are taught by specialist teachers, including native speakers who are able to support conversation and cultural understanding.

Please discuss this with your child and complete the following Google Form by Friday 24th June 2022 to indicate their preference:

<https://forms.gle/doiq1GAM7FZ7Ca8AA>

Please note, you will need a google email address to complete the form. Students' trafalgarconnected.com email addresses are google compatible if they wish to complete the form with you using their email login.

If you have any questions, please feel free to email me.

Yours sincerely,

Aamir Kohli
